What's Up!

No Hair...Anywhere

Hair removal products are an integral part of getting your clients beach ready.

1. **Alkaline Wash**
DMK – Danné Montague-King
888-DANNE-4-U
www.dcnemking.com
 Alkaline Wash is a hair removal and retarding treatment that features a high pH to dissolve the hair without causing irritation, breakouts or rashes.

2. **LightSheer Infinity**
Lumenis
212-999-5585
www.lumenis.com
 LightSheer Infinity features two diode wavelengths and three spot sizes that facilitate six treatment options for customizable hair reduction on all skin types.

3. **Nudesse**
Nufree
800-247-2405
www.nufree-professionals.com
 Nudesse is an antibacterial and antimicrobial non-wax hair removal process that reduces pain, redness and swelling associated with the use of wax-based products.

4. **Biodépyl Anti-Regrowth Solution**
Thalgo
954- 525-9665
www.thalgousa.com
 Biodépyl Anti-Regrowth Solution slows hair regrowth with capislow while soothing the skin with essential oils, and is ideal for clients of all skin types, but especially those with sensitive skin.

5. **Flex Wax**
GiGi Spa
800-621-9585
www.gigispa.com
 Flex Wax is one part soft wax, one part hard wax and features a quick-setting formula enhanced with coconut oil and olive oil to leave skin smooth and moisturized.

6. **LightPod Neo 650-microsecond Laser**
Aerolase
914-345-8300
<http://aerolase.com>
 LightPod Neo offers high-powered 4 J/cm² to 255 J/cm² permanent hair reduction within short, 650-microsecond pulse durations and requires no per-treatment consumables.
